Kia Orana,

My name is Satish Prasad, and I am one of the core teachers here at Papakura Intermediate School. I have the opportunity of being your child's teacher this year 2021. I started teaching and learning here in term 3 last year, and am excited to teach and learn even more from the students, staff, our community. I am originally from Fiji. I have been a teacher for 15 years in Fiji. I migrated to New Zealand in 2013.

I am married and have one daughter. As a Christian, my faith, family and work is important to me. I come from a country where we would skip lunch to watch rugby. I like music, sports and hiking.

I love to see my students develop on a daily basis towards a positive path. I believe that great things can be achieved by doing the simplest things.

Thank you for choosing Papakura Intermediate and giving me the opportunity to be a part of your child's learning journey!
